

Business Development Opportunities in China and Taiwan

China Wind Power 2017 – Join UK Pavilion and Exclusive B2B meetings

17 - 19 October 2017, Beijing, China

RenewableUK and the Energy Industry Council (EIC) are organising and managing the UK National Pavilion at the 10th [China Wind Power 2017](#) working in partnership with the Department for International Trade.

China Wind Power is the largest annual wind power trade event in China. In 2016 the event hosted:

- Over 400 Chinese companies and over 200 companies from the rest of the world
- 40,000 visitors
- 52,500+ sqm floorplan
- 600+ exhibitors

China Wind Power is well connected to the industry and has become a barometer for China's wind power industry. The exhibition, dominated by turbine OEM, components manufacturers and services enterprises, serves as the world's leading platform for exhibitors of the international wind industry. Alongside the exhibition, the forums cover policies, market and technology trend, as well as important issues related to the industry.

Join the UK Pavilion

Cost: £1000 +VAT

A unique opportunity for UK businesses to meet directly with Chinese businesses and leading developers in a market that is set to expand from around 1.5GW to 5GW by 2020. Become a co-exhibitor and get access to:

- **Workshops with two of the largest developers in China**
 - Whole day dedicated workshop with **Longyuan Power** (1.5GW portfolio)
 - Half day dedicated workshop with **China Three Gorges** (1.4GW portfolio)
 - You will be briefed with developers requirements prior to workshops
- **Networking Reception hosted at the British Embassy in Beijing**
- **UK and China Offshore Wind Industry Advisory Group meeting**
- **UK Pavilion**
 - Co-exhibitor on the UK pavilion - staffed for the duration of the event, with branding for your company, refreshments, private meeting rooms, and an open business lounge
 - Innovative UK branded stand design to draw visitors to the group

- Support prior to the event to arrange B2B meetings
- Support during event to facilitate and translate B2B meetings
- Company overview in the dedicated UK bilingual stand brochure
- Pre-briefing webinar, details on event attendees and conference programme
- Complementary event passes and access to workshops and receptions

Registration

Companies can register online to take part in the Pavilion. Please follow this link:

For further information or help with registering, please contact: Sarah Harper, Head of Events, RenewableUK on Sarah.Harper@RenewableUK.com or +44 (0) 20 7091 3000.

Exclusions

Flights, accommodation and other internal transport need to be covered by the exhibitor.

12th Annual Taiwan-UK offshore wind forum at Taiwan International Green Industry Show

19-20 October 2017, Taipei

Cost: £500 +VAT

The Taiwanese market is set to expand from two turbines currently installed to 3GW by 2025. This event is co-hosted by the DIT team in the British Office Taipei and Taiwan's Bureau of Energy, Ministry of Economic Affairs (MOEA). There will be a one-day conference and workshop on 19 October followed by an evening reception; then there will be a chance to engage in B2B activity on 20 October with major developers, contractors and potential partners. This event also coincides with the [Taiwan International Green Industry Show](#), a renewable energy exhibition and conference.

Registration

NOF Energy are partnering with DIT for this event. Please contact Stephen Close SClose@nofenergy.co.uk for registration details and more information.

Exclusions

Flights, accommodation and other internal transport need to be covered by the delegate.
