About WindEurope Offshore 2019

Building on the success of the RenewableUK and WindEurope offshore wind event collaboration in 2017, the lead European biennial event moves to Copenhagen in the autumn for three days, 26-28 November 2019. It will provide UK businesses an appropriately timed touchpoint following the thriving Global Offshore Wind event that was held in London in June 2019.

Denmark is the home of wind industry giants like Vestas, Ørsted, MHI Vestas Offshore Wind and LM Wind Power. It produces 44% of its domestic consumption from offshore wind energy and the city of Copenhagen offers the perfect backdrop for the event.

For the first time the UK and Scottish Government and their leading trade associations will join together to create a central UK expertise hub of over 300m² in an outstanding high traffic position in Hall E.

This is your chance to join over 40 UK businesses in the UK Group Pavilion and be part of the UK success story.

About the UK Group Pavilion

For the first time - all in one place – a 300m² UK supply chain pavilion and knowledge hub that is supported by UK and Scottish Governments and the leading UK renewable energy membership organisations

- Large branded space for UK and Scottish businesses with a shared business lounge with networking space.
- Each business listed as an exhibitor on the exhibition floor plan, event guide and website
- Innovative pavilion design that profiles your business and compliments it with networking space
- Unique Hall E location in a high traffic area – all participants must pass the pavilion on arrival and to access the lunch area
- UK Group Pavilion to host two networking drinks receptions on 26, 27 November
- Shared hospitality area which is fully staffed with a barista coffee station, with lounge style seating where you can hold one-to-one meetings (this will also turn into the Bar for the evening drinks receptions)

Main benefits

- Join 40 UK and Scottish businesses in a central hub
- Choose your brand exposure – high value packages to suit all budgets
- Complimentary conference passes worth €1000+
- Invite your customers and clients to networking drinks receptions on opening days
- B2B support from UK and Scottish Governments
- £1,500 TAP grants available for UK SMEs
